

70

A technical drawing of a mechanical part, likely a handle or lever, shown in two views: a side view on the left and a front view on the right. The side view shows a horizontal shaft with a curved end, passing through a rectangular hole with rounded corners. The front view shows a vertical shaft with a circular head and a rectangular base. Dimension lines indicate the following measurements: a vertical dimension of 70 units for the height of the hole in the side view; a horizontal dimension of 210 units for the length of the shaft from the hole to the start of the curved section; and a horizontal dimension of 85 units for the length of the shaft from the start of the curved section to the front view.
